

Hello everyone,

11/20/09

I want to thank all of you for your time and efforts toward making our summer program a success. We were able to have 2 teams that played in a total of 60 games. Our summer program is second to none and is designed for all players to have a chance to play and prepare for the 2010 season. This could not have been done without funding from our Dugout Club, parent support, and the work of the players. We are extremely fortunate to make this available for our players. As fall semester comes to a close it is time for our preseason program to begin. We are having our first meeting Thur. Nov. 30, 3:00 at the baseball field. We will issue calendars, and other paper work and make important announcements concerning this season. I have notified our teachers who our players are and we will continue to follow their academic progress through their finals. If you have any concerns or questions please, feel free to contact me. Our players have been involved with our strength and conditioning program this fall and have made tremendous progress.

Our facilities are maintained and available year round. A big thanks goes to Bill Love who has spent countless hours of mowing, overseeding, and fertilizing our field. The field is absolutely beautiful!

The batting cages will be available as long as a coach has arranged for them to be open. We welcome everyone to use our facilities, as long they are a student at Valdosta High School and a member of our Wildcat Baseball Team.

All of our schedules and team policies are posted on this website, please be sure to follow as our season nears. The first Dugout Club meeting will be held Mon. Dec. 7 at 6:30, in the Driver Ed. room.

Again, I would like to thank everyone who was involved in our baseball program this past spring and summer. We have a group of outstanding young men who have represented our school and community throughout the state. We are looking forward to another great year of Wildcat Baseball.

Sincerely,
Bart Shuman
